

BaseGfxApp

```
classDiagram
    class BaseGfxApp
    class FlashPhotoApp
    class MIAApp
    FlashPhotoApp --|> BaseGfxApp
    MIAApp --|> BaseGfxApp
```

A UML class diagram illustrating inheritance. At the top is a box labeled 'BaseGfxApp'. Below it are two boxes, 'FlashPhotoApp' on the left and 'MIAApp' on the right. A horizontal line connects the two bottom boxes, with a vertical line extending upwards from its center to an arrowhead pointing at the bottom of the 'BaseGfxApp' box. This indicates that both 'FlashPhotoApp' and 'MIAApp' inherit from 'BaseGfxApp'.
